A. Introduction

Luttrellstown Community College is a co-educational multi-belief second level school under the patronage of Dublin and Dun Laoghaire Education Training Board. Our school is committed to providing the highest standard of education to meet the needs of our students through a holistic approach.

For the academic year 2018/19 Luttrellstown Community College and Castleknock Community College will continue to operate shared enrolment procedures. Both Colleges will serve a common catchment area with priority given to the students attending the listed Primary Schools. The common catchment area is divided into two areas: A & B. In accordance with the procedures outlined in our admission policies both Colleges will endeavour to provide places for all applicants who apply from within the common catchment area. Second preference applications are processed only after first preference categories 1 to 5 are offered.

Statement for 2018/19

In 2018 Luttrellstown Community College proposes to provide education through Irish to students accepted into Coláiste Na Tulchann. The terms and protocols outlined in this document should be read in conjunction with the 2018/19 Admissions Policy for Coláiste Na Tulchann which would be a subdivision of the 'Máthair Scoil' (mother school) Luttrellstown Community College.

Outlined here are the key enrolment criteria that will be evaluated when an application is being assessed. The Board will prioritise applications as follows;

1. Students from primary schools that are Gaelscoileanna in the Dublin 15/East Meath catchment area.
2. Students with an interest in all-Irish education from English medium schools in the same catchment area.

All pupils will be interviewed and their capacity to be educated through the medium of Irish will be assessed as follows:

- Proficiency in Irish
- Support in the home to develop fluency in Irish or
- Involvement in Irish language organisations that show enthusiasm for Irish culture
- Testimonials from their national school to state progress, interest and capacity to learn and speak the language

We will welcome children from families whose language in the home is a third language but whose children have shown a great interest in learning Irish in primary school.

We try to ensure that each student has necessary access to appropriate guidance to assist them in their educational and career choices. Our Guidance service is also an integral part of our pastoral care management approach. This department co-ordinates the entrance assessment for 1st Year with our Príomhoide Tánaisteach. The same personnel manage the co-ordination of DATS an assessment to identify strengths for senior cycle and life options.

Special Needs Education Provision

Luttrellstown Community College offers learning support to students with special educational needs (SEN). The availability of specialised learning support is dependent on the allocation of annual resources to the college from the National Council for Special Education (NCSE). Luttrellstown Community College is committed to the principle of equal access and welcomes students with special educational needs wherever possible within the parameters of a mainstream setting. All students with additional needs who accept a place in LCC become part of the school community and will be treated equally under our Code of Positive Behaviour.

In order to assess and provide for SEN, the school will request all the student's relevant records including reports from the primary school, psychological reports and any other information deemed necessary. **This information must be provided when a place is accepted in Luttrellstown C.C. in order that the school can assess in line with NCSE guidelines what resources are needed to support students with special educational needs.
